

How you can save postage through electronic banking:

Basic Checking:

If you have a **Basic checking account** and have a DSBconnect login, if you opt-in for online statement postings, we will cease mailing the statements and notices to you and instead will post them in your DSB login, **and we will waive the monthly \$2.00 maintenance fee – an annual savings of \$24.00.**

Take action: Opt-in on your DSBconnect at “Statements and Notices” in main menu.

Bill Pay:

If you use **DSBconnect Bill Pay**, our Bill Pay company makes the payments for you, so you do not have to use your own checks and pay your own postage to mail payments to your billers.

Take action Sign up on your DSBconnect login > Move Money/Transfers > Bill Pay Enroll. Or, you can sign up for auto-debit of payments with participating billers who offer that.

Monthly Loan:

If you have a **monthly loan payment** here, you can use your DSBconnect login to make transfers from accounts you have here at DSB or from elsewhere. If not, you can authorize DSB to collect the monthly loan payment from an authorized checking or savings account. Either way, that means you do not have to mail in a check to DSB.

Take action Set this up in your DSBconnect login at Move Money/Transfers > New Transaction > set up recurring payment. Or, you can notify the bank if you want us to originate payment collections from an outside account.

Help us reduce our postage and paper – opt-in for online statements and notices on checking, savings, loans and CDs/IRAs. The statements and notices post within one day of production in your DSBconnect login and are not mailed. Opt-in on your DSBconnect at “Statements and Notices” in main menu.
